## ★Report★International Exchange by Handicraft/Chinese Knot II

We made necklaces with Tombotama\*.  
Our teacher taught us kindly and carefully, so all of us made our own beautiful necklaces.

\* Glass beads with holes in the middle.

## ★Report★Welcome to Bogo Cafe (Halloween)

We played gesture games together. We enjoyed the snacks and tea while wearing costumes. It was a nice cross-culture exchange place for foreigners and Japanese.

## ★Report★Enjoy Thai Food

We used authentic ingredients and seasonings and made Thai food with people we met for the first time. We were excited when we heard the names of Thai ingredients for the first time. We made very delicious Thai food.

## Useful Information④Pay attention to the “Revolving Payment”

Among the credit payments, you should be very careful about the “revolving payment.”

Revolving payment means monthly payment remains consistent, because you can decide the amount of the monthly payment.

So if you buy expensive things or buy lots of things, it will take much more longer times.

Since monthly payment remains consistent, it is difficult to know how much you lend from the bank. Also you have to pay higher interest than installment payment.

It is possible to use revolving payment without knowing it.

Check your usage details please.
